

## **HOKE COUNTY FIREARM SAFETY ORDINANCE**

**WHEREAS**, the increased population of Hoke County has resulted in a higher density of population with people living in closer proximity to each other; and

**WHEREAS**, the shooting of personal firearms poses a greater danger than in the past due to the greater population density and concentration; and

**WHEREAS**, the Hoke County Board of Commissioners has become aware of a number of incidents in which firearms have been discharged within dangerously close distances of homes and other such places where people are likely to be; and

**WHEREAS**, because of Hoke County's close proximity to Fort Bragg and the county's growing military population, the Board recognizes the historical support among the citizens for the free use of firearms but believes that steps must be taken in order to ensure the safety of nearby persons when firearms are being discharged within the County; and

**WHEREAS**, the Board believes it is reasonable to regulate the shooting of firearms near places where people live, work, shop or are otherwise likely to be present;

**WHEREAS**, the Hoke County Board of Commissioners believes it to be in the best interest of the citizens of Hoke County that limitations on the discharge of firearms are necessary for the safety and protection of the citizenry, and for the protection of the use of their property without fear of stray bullets crossing over their property;
