Help with Toolbar

Refresh

Manually refresh the map by clicking this button.

Zoom Extent

Click to see the entire map at its full extent.

Zoom In

Click this symbol and draw a square on the map by holding down the mouse button. When you release the mouse button, the map will zoom in to match the area in the square that you drew.

Zoom Out

Click this symbol and draw a square on the map by holding down the mouse button. When you release the mouse button, the map will zoom out and show you a wider view than your current selection.

Pan

When this tool is selected, click on the map and hold the mouse button down. You can now drag the map around by moving the mouse as long as the mouse button is held down.

Information

Click this symbol and then click anywhere on the map to display available information on the selected area. The information will be visible in the "Information" panel on the right.

Print Map

Click to get an easily printable view of the currently selected area of the map. The printable map will display in a new window without any toolbars visible.
